6-6-4: HAULER LICENSEE REQUIREMENTS:

- A. Hauler licenses shall be granted only upon the condition that the licensee have water-tight, packer-type vehicles in good condition to prevent loss in transit of liquid or solid cargo, that the vehicle be kept clean and as free from offensive odors as possible and not allowed to stand in any street longer than reasonably necessary to collect garbage or refuse, and that the same be dumped or unloaded only at the designated sanitary land-fill or RDF plant, and strictly in accordance with regulations relating thereto.
- B. Before a garbage and refuse hauler's license shall be issued, the applicant shall file with the City Clerk evidence that he has provided public liability insurance on all vehicles in at least the sum of \$100,000.00 for the injury of one person, \$300,000.00 for the injury of two or more persons in the same accident, and \$50,000.00 for property damages.
- C. Licensees shall deliver all refuse to the designated sanitary land-fill or RDF plant.

- D. The Council, in the interest of the maintaining healthful and sanitary conditions in the City, hereby reserves the right to specify and assign certain areas to all licensees, and to limit the number of licenses issued.
- E. Each applicant shall file with the City Clerk, before a garbage and refuse hauler's license is issued or renewed, a schedule of proposed rates to be charged by them during the licensed period for which the application is made. The schedule of proposed rates, or a compromise schedule thereof, shall be approved by the Council before granting the license. Nothing herein shall prevent a licensee from petitioning the Council for review of such rates during the licensed period, and the Council may likewise consider such petition and make new rates effective at any time. No licensee shall charge rates in excess of the rates approved by Council.
- F. All licensees shall comply with all applicable statutes and County ordinances.
